

Cat6 UTP Tool-Less Jack

- ➔ Standards compliant
- ➔ Easy termination
- ➔ Compatible with Krone and 110 termination tools
- ➔ Low profile
- ➔ Cable retention facility

Features:

- ➔ Cat6 UTP Component Level Keystone Jack
- ➔ Fast tool-less termination
- ➔ Used in Maxxam modular keystone panels and plastic modules/faceplates
- ➔ Butterfly style rear termination
- ➔ Suitable for 23-26AWG solid & stranded wire
- ➔ Low profile narrow design
- ➔ Part of the Maxxam 25 year warranty/partner programme

Product Overview:

Fast and easy to terminate and unlike many other "tool-less" jacks requires no additional termination tooling other than a cable stripper and cable snipper.
